5. Matters Arising from the Minutes

a) Highway Visibility at Pound Lane

Nothing new to report.

b) Trees at Poplar Drive

The Clerk report that the Norfolk County Council tree team had been tasked with an assessment on the two trees on the corner of Poplar Drive/Main Road Filby.

6. Public Forum

a) Public

A member of the public spoke about a refused planning application for an infill single dwelling in her garden, on the basis that it was outside the development boundary. She noted the reasons for wanting to build, and that other properties had been built close by, and felt it was unfair that the boundaries had been moved. In response, the Chairman noted that the site previously had planning permission which had lapsed. It was noted that the development boundary was set by the Borough Council, not the Neighbourhood Plan, so this had been a decision by Great Yarmouth Borough Council. It was noted that the building referred to was an annexe with planning conditions.

b) Borough Councillor

Adrian Thompson reported that there were changes in planning coming from government, which could affect the Local Plan. The calculations for housing

allocations was increasing significantly, meaning 11,200 homes needed to be built by 2041. If the Plan was finalised by December 2024, special conditions would apply. A big push was being made to meet the target. Also, only 10% of houses needed to be affordable, with a greater emphasis on renting. Additionally, food production was not a valid planning objection. An additional 30 houses needed to be found. The Neighbourhood Plan review would be starting tomorrow, with no changes to the process being made by the government. Local evidence was key when making changes from national policy.

c) County Councillor

No report.

d) Police

Not present.

7. Planning

a) New Applications

06/24/0094/F Land to the rear of 1 Homestead Gardens, Main Road: Erection of 2no. 2-person glamping pod huts with verandas to be used as temporary holiday let accommodation; Installation of parking area and electric vehicle charging facilities and access track.

The Chairman suspended standing orders to allow public speaking.

The Chairman invited the applicant to speak on the application, who noted that there was no intention to apply for housing for the site.

It was noted that the pods could hold up to six, there would be four per pod which would be a mixture of mainly adults and children. Future plans included developing the outbuildings. The garden curtilage was discussed, in context of the location of the pods.

A member of the public expressed concern about the use of laurel for hedging, and that there were too many holiday lets within the village. A member of the public expressed concern about the development boundary, it was confirmed that the site was outside the boundary. It was suggested that allowing development would set a precedent. The applicant noted that as it was a temporary structure that was not high, the application could be looked on more favourably. The base would be similar to that of a static caravan.

Standing orders were reinstated.

Councillors expressed concern that the application was outside the development boundary, and that it would lead to other applications with a precedent set. It was in the village gap, and had previously been rejected in the call for sites. It was **agreed** to object to the application based on these comments, proposed by David Shaw, seconded by Derek Nicker, all in favour.

ACTION: Clerk

06/24/0585/PU Site off Main Road: Application for a Certificate of Lawful Proposed Development to confirm that development pursuant to outline planning permission 06/16/0517/O and reserved matters approval 06/20/0404/D has been lawfully commenced and that development under that permission can lawfully continue.

David Shaw noted that works had started in a very small way, and that many of the conditions had not been met prior to works. A footing for Plot 1 had been dug simply

because the planning was due to run out a week later. There had been no discharge of conditions applications made for the archaeological surveys, root protection plans etc. It was felt that the Parish Council should be kept informed of discharge of conditions applications about the site, following a visit by the planning officer. It was confirmed that previously the planning had been granted as a windfall site. It was **agreed** to object to the application, proposed by Adrian Thompson, seconded by John Baldry, all in favour. **ACTION: Clerk**

Adrian Thompson left the room and David Shaw took over chairing the meeting.

06/24/0296/F Heath Farm Poultry Far and land to the north of Blanks Close (off Market Lane): Change of use of former poultry rearing facility and agricultural land to provide an animal sanctuary, wildlife rescue and welfare centre (Sui Generis use) comprising use of the poultry shed building for animal treatment and rehabilitation, and erection of 2no sheds, stable building and aviary pens and associated parking.

A member of the public questioned whether it was permitted to sub-let Poors Trust land. It was confirmed that this was not a planning consideration.

It was **agreed** to support the application, proposed by Derek Nicker, seconded by John Baldry, all in favour. **ACTION: Clerk**

Adrian Thompson returned to the meeting and resumed chairing.
